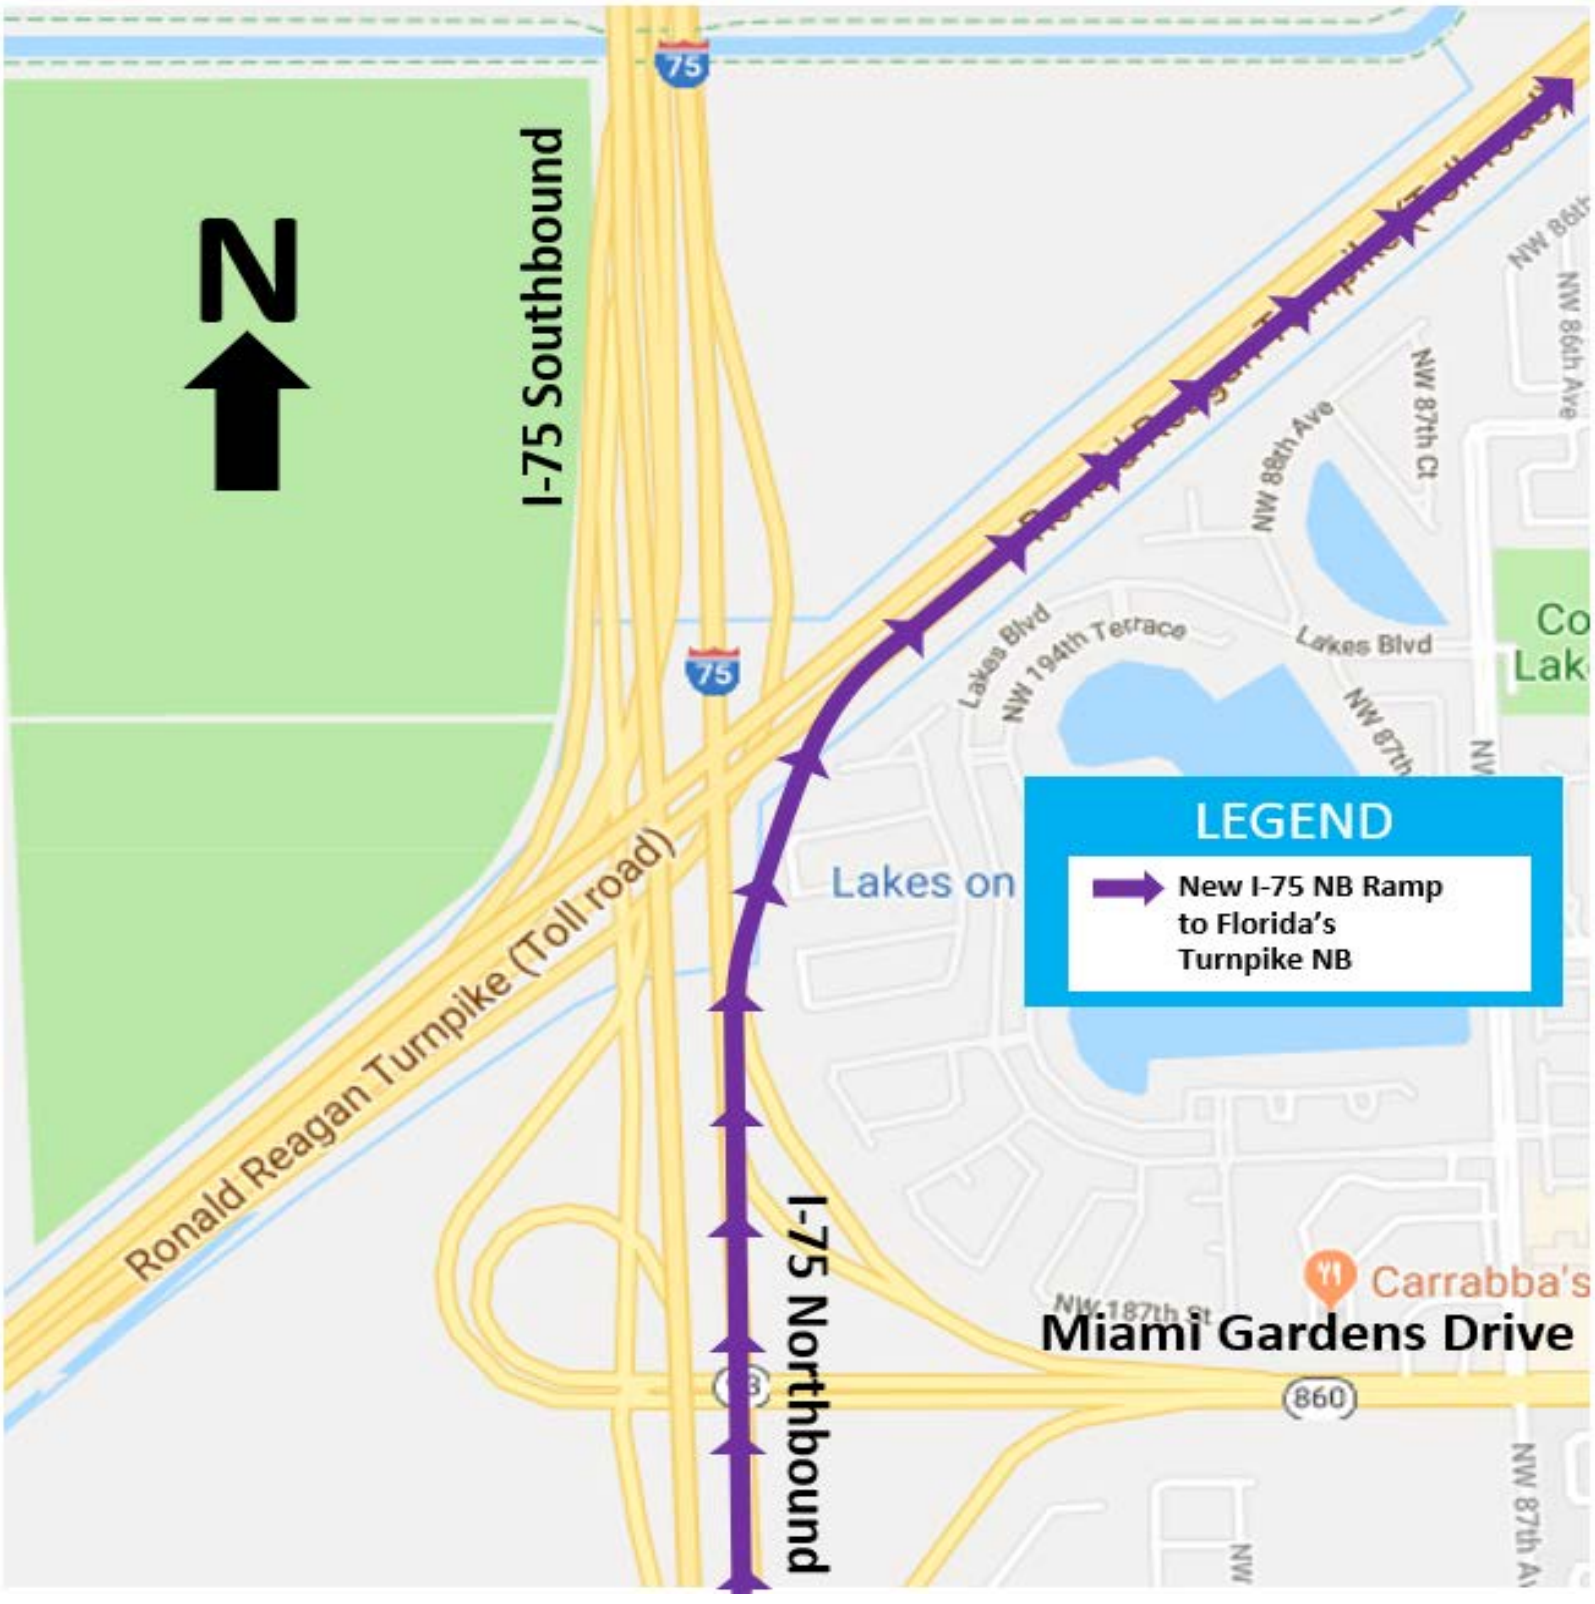
FDOT DETOUR MAP

75 EXPRESS


The Florida Department of Transportation announced today, a new ramp to Homestead Extension of Florida's Turnpike (HEFT) northbound from I-75 northbound will open to traffic 8 a.m. Sunday, February 10, 2019. This new ramp will allow for the following new movement: Northbound I-75 to Northbound Florida's Turnpike (one lane ramp). Customers will be able to access northbound Florida's Turnpike along northbound I-75 from an entrance point south of the I-75/Florida's Turnpike interchange. New signs have been installed along the corridors to reflect all new traffic patterns. Please note, this portion of Florida's Turnpike is All-Electronic Tolling (AET) and cash is not accepted. Customers can save money on tolls by having an active and properly mounted SunPass or other interoperable transponder. Construction within the project limits is tentatively scheduled for completion spring 2019.
