Okahumpka Service Plaza Truck Parking Improvements in Progress

OCOE, FL – To improve truck parking access at the Okahumpka Service Plaza on Florida's Turnpike, a month-long project is under way to remove the air docks adjacent to 20 truck parking spaces. The project includes re-paving the affected portion of the parking area.

Truck parking will be limited while work is ongoing, but additional spaces remain available on the north side of the Okahumpka Service Plaza. Full access to all truck parking will be restored when the project is complete. It is estimated that work will finish the first week of March.

The same truck parking improvement process is expected to begin at the Canoe Creek Service Plaza in March.

For more information about this project, call 1-800-749-PIKE. Drivers may dial 5-1-1 for real-time traffic information or visit www.FL511.com before traveling. They may also follow @fl511_Turnpike on Twitter. You may visit Florida's Turnpike online at www.Floridasturnpike.com.
