Scheduled Water Outage at Port St. Lucie/Fort Pierce Service Plaza from 11:30 p.m. Tuesday, January 15 to 5:30 a.m. Wednesday, January 16

PORT ST. LUCIE — Florida's Turnpike Enterprise has scheduled a temporary overnight water outage at the Port St. Lucie/Fort Pierce Service Plaza (milepost 144) on Florida's Turnpike to allow construction crews to install a new water valve. The facility's gas station, convenience store, Areas Marketplace and Dunkin Donuts inside the restaurant building will remain open for customers. The following measures will be in place during the scheduled water outage:

- Restroom attendants scheduled to assist customers
- Temporary sanitary facilities will be available with hand sanitizers
- Bottled water will be available

The Port St. Lucie/Fort Pierce Service Plaza is undergoing a \$21 million renovation and reconstruction project. Improvements include a new 40,000 square-foot restaurant building; new 3,500 square-foot convenience store and fueling pumps; and expanded truck parking. The renovations are a joint project of the Florida Department of Transportation and Areas USA, which has a 30-year concession agreement to run the fuel, food and retail operations at Turnpike service plazas.

Please note this schedule may change due to inclement weather or other unforeseen conditions.
