

# Construction Alert

## Killian Parkway Bridge Work Has Begun

Florida's Turnpike Enterprise (FTE) has begun work on the Killian Parkway bridge above Florida's Turnpike. Work in this area will continue for approximately 4 months.

Residents may experience intermittent noise, but efforts are being made to limit disruptions for the residents near the construction area.

During these operations, a sidewalk on Killian Parkway will be open to pedestrian traffic. When a sidewalk closure is necessary, pedestrians will be provided with a detour. Traffic control devices and detour signs will be placed to display the pedestrian detour routes.

Lane closures and lane shifts will be necessary throughout these construction activities. If lane closures are necessary, portable message boards will announce upcoming closures in advance. If you would like to receive the weekly traffic advisories, please email [yasir.mercado@dot.state.fl.us](mailto:yasir.mercado@dot.state.fl.us) to be added to the distribution list.

Please note that this schedule may change due to inclement weather or unforeseen conditions.

FTE thanks you in advance for your patience and understanding while we complete this project.
