

Florida's Turnpike Extension Widening Project From Dolphin Expressway/SR 836 to NW 106 Street

Project Description

- Widening Turnpike to 10 lanes, between Dolphin Expressway/SR 836 and NW 106 Street/Flagler Station Boulevard
- Widening Turnpike bridges over SR 836/NW 12 Street, NW 25 Street, NW 41 Street, NW 58 Street and the NW 74 Street Canal
- Converting NW 117 Avenue, between NW 34 Street and NW 41 Street, into a northbound Turnpike entrance ramp and a slip ramp for local traffic continuing on NW 117 Avenue, north of NW 41 Street
- Interchange improvements at SR 836 and NW 12 Street, including the construction of three new ramps
- Intersection improvements at NW 12 Street, NW 41 Street and NW 74 Street
- Constructing sound walls along qualifying residential areas adjacent to the Turnpike
- Asphalt milling and resurfacing, guardrail and fencing, lane striping, drainage, signage, and lighting improvements

Construction and Traffic Impacts

Construction will take place during both daytime and night-time hours. Lane closures will generally take place during off-peak hours to minimize traffic congestion and delays for most drivers. Efforts will be made to limit traffic and noise disruptions, but lane closures, ramp closures and detours will be necessary to accomplish the improvements.

Closures will be announced in advance in Florida's Turnpike weekly traffic advisory.

Schedule and Funding

Construction Schedule

Work is anticipated to be completed in 2024.

Cost and Funding

The project cost is approximately \$245 million.
