

# GLADES ROAD AND TURNPIKE INTERCHANGE MODIFICATION PROJECT

## PROJECT DESCRIPTION

- ◆ Improving traffic flow through modifications to the interchange at Florida's Turnpike and Glades Road (Exit 75)
- ◆ Widening the exit ramp from the northbound Turnpike to Glades Road to two lanes
- ◆ Constructing an additional right turn lane from the Turnpike off ramp to westbound Glades Road
- ◆ Constructing an additional right turn lane from westbound Glades Road to the entrance ramp to the Turnpike
- ◆ Adding an auxiliary lane on northbound Turnpike to ease congestion
- ◆ Improvements to signage, pavement markings, signalization, lighting and drainage
- ◆ Painting existing Turnpike Bridge over Glades Road

## CONSTRUCTION SCHEDULE

Work at the interchange at Florida's Turnpike and Glades Road (Exit 75) is anticipated to begin in January 2017 and continue through summer 2018.

## COST AND FUNDING

The project cost is approximately \$8.3 million. This project is funded by toll and concessions revenue, not taxes.

## CONSTRUCTION AND TRAFFIC IMPACTS

Construction will take place mostly during daytime hours. However, nighttime construction will be necessary if the work requires lane closures on the Turnpike. These lane closures will generally take place between 9:30 p.m. and 5:00 a.m., to minimize traffic congestion and delays for most drivers. There may also be lane closures, reductions and detours on the cross streets, beneath or over the Turnpike.

Nearby residents and businesses may experience periodic construction noise, vibration and dust. Efforts will be made to limit disruptions for adjacent neighbors as much as possible.
