

RON DESANTIS GOVERNOR Florida's Turnpike Enterprise P.O. Box 613069, Ocoee, FL 34761 407-532-3999 KEVIN J. THIBAULT, P.E. SECRETARY

MEMORANDUM

DATE: February 26, 2020

FROM: Patrick Muench, P.E., Turnpike District Design Engineer

SUBJECT: 2020 General Tolling Requirements (GTR) Publication

This memorandum announces the 2020 release of one (1) design criteria document:

General Tolling Requirements (GTR)
 http://floridasturnpike.com/design/gtr.html

 The unredacted version is available upon request as identified below

IMPLEMENTATION

The GTR and associated criteria are effective on projects beginning design on or after February 26, 2020, and on projects currently in the design phase where implementation will not adversely impact production schedules (as determined by the Turnpike Project Manager and Turnpike Design Engineer).

Please be aware that certain portions of information contained in the GTR may be protected from disclosure to persons or entities outside of the Department. Generally, an unredacted version of the GTR may be made available to:

- Current Department employees
- Consultants under contract with the Department for toll-related projects
- Licensed architects, engineers, and contractors in accordance with the Department's Distribution of Exempt Documents Procedure (050-020-026)

However, this is not an exclusive list and there are other considerations regarding the distribution of the unredacted GTR. Questions relating to the distribution of the unredacted GTR should be directed to your supervisor and/or the Turnpike's Chief Counsel.

For projects that are currently being advertised for letting, requests for the unredacted GTR should continue to be coordinated through the Procurement Office.

REQUIREMENTS

The General Tolling Requirements went through minor criteria updates. The document is published in three (3) parts:

- Part 1 Development and Processes
- Part 2 Design Criteria
- Part 3 Plans Production

TECHNICAL SPECIAL PROVISION

The following TSP sections have been updated:

- Section 01 11 00 Summary of Work
- Section 01 77 00 Project Closeout
- Section 03 30 00 Cast-In-Place Concrete
- Section 05 06 50 Gantry Hardware
- Section 05 50 00 Metal Fabrications
- Section 07 60 00 Flashing and Sheet Metal
- Section 08 11 00 Metal Doors and Frames
- Section 08 71 00 Door Hardware
- Section 10 14 00 Signage
- Section 10 44 16 Fire Extinguishers and Accessories
- Section 13 34 23 Fabricated Structures
- Section 23 05 93 Test and Balance
- Section 23 132 3 Concrete Protected Above Ground Fuel Storage Tank
- Section 23 20 00 Piping and Specialties
- Section 26 05 00 Common Work Results for Electrical
- Section 26 05 01 Shop Drawings and Submittals
- Section 26 05 26 Grounding and Bonding for Electrical Systems
- Section 26 05 33 Raceways and Boxes for Electrical Systems
- Section 26 05 34 Surface Raceways
- Section 26 05 36 Cable Trays
- Section 26 09 13 Supervisory Control and Data Acquisition
- Section 26 24 16 Panelboards
- Section 26 28 1 7 Enclosed Safety Switches
- Section 26 32 13 Engine Generator
- Section 26 33 53 Static Uninterruptible Power Supply System
- Section 26 36 00 Automatic Transfer Switch
- Section 26 43 13 Surge-Protective Devices, 1kv Or Less
- Section 27 11 16 Tolling Communication Cabinet
- Section 32 13 14 Fiber Reinforced Concrete Pavement
