RE: Asphalt Quantities

FROM: Chris Lory

DATE: January 16, 2004

I am sending you ☒ Attached  
☐ Under Separate Cover

the following item(s) for review and concurrence:

| COPIES | DATE    | No. of Sheets | DESCRIPTION                   |
|--------|---------|---------------|-------------------------------|
| 1      | 1/16/04 |               | Asphalt Quantity Calculations |

**REMARKS:** All projects will calculate asphalt pavement quantities for structural and friction courses to the acceptable tolerance of 5% as describe in the Standard Specifications. The additional quantity will be adjusted per line item in the computation book. A note will be added to each computation sheet adjusting the quantity from that shown in the plans. The following note will be shown on these sheets:

"Spread Rate used for obtaining quantity includes the 5% tolerance allowed per Standard Specifications."

Concurrence:

Michael Davis, P.E., Program Manager
