

TRANSMITTAL

TO: Mike Davis and Tom Pridgen

RE: Updates for Website

FROM: Jerry Sudimick

Type of Update:

DATE: February 26 ,2005

☒ New Criteria

☐ Addendum

☐ Lessons Learned

I am sending you ☒ Attached
☐ Under Separate Cover

the following item(s) for review and concurrence:

COPIES	DATE	No. of Sheets	DESCRIPTION
1	2/26/04		Up Dates from the February Senior Designers meeting

REMARKS: The following should be posted as new criteria for January 2005 lettings.

This information will be posted as new criteria until such time as the PPM is updated.

Asphalt thickness will be shown on the plans rather than spread rate.

Base bid quantities on 110lbs/sy/in. This supercedes a previous transmittal dated January 16, 2004 on the same subject. Each calculation sheet shall continue and include a note that the " Spread rate used for obtaining quantities is based on the directive from Central Office to use the 110lbs/sy/in" .

Call for PG 76-22 in friction courses rather than rubber.

Concurrence:

Michael Davis, P.E., Program Manager
