

Widen Florida's Turnpike/SR 91

From Sawgrass Expressway/SR 869 to Palm Beach County Line
FPID: 415927-1, -4

Description

This project widens a two-mile segment of Florida's Turnpike Mainline from the Sawgrass Expressway/SR 869 to the Palm Beach County Line. This widening will increase the number of travel lanes from six to ten: two express lanes and three general toll lanes in each direction. This project includes pavement reconstruction, milling, resurfacing, bridge improvements, stormwater drainage improvements and noise walls in qualifying areas. This project will also extend northbound and southbound auxiliary lanes from north of the Sawgrass to the Palm Beach County Line.

Project Status

The widening project is in Design.
Construction is not funded.
