

Widen Florida's Turnpike/SR 91

From Palm Beach County Line to Glades Road

FPID: 418214-1, -5

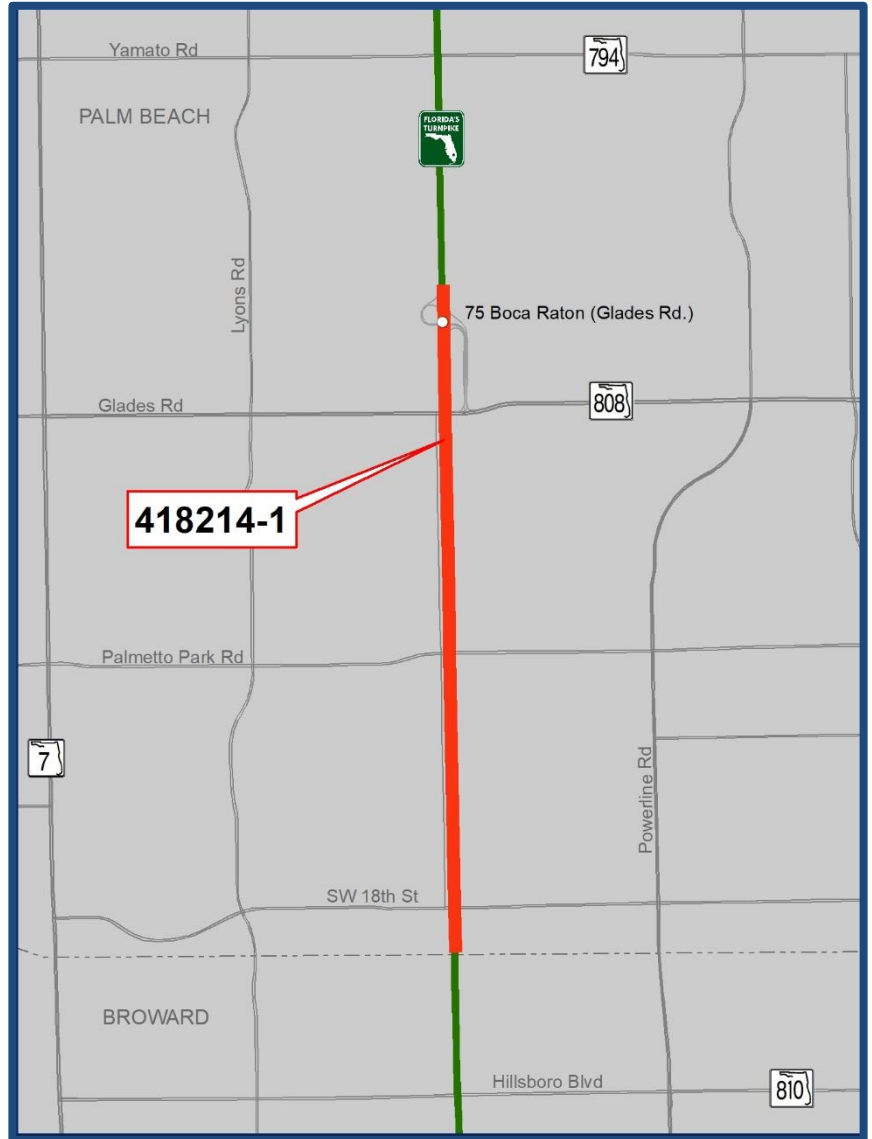

Description

This project widens a three-mile segment of Florida's Turnpike Mainline from the Palm Beach County Line to north of Glades Road. This widening will increase the number of travel lanes from six to ten: two express lanes and three general toll lanes in each direction. This project includes pavement reconstruction, milling, resurfacing, bridge improvements, stormwater drainage improvements and noise walls in qualifying areas. Interchange improvements at Glades Road are also being evaluated through a Project Development and Environment (PD&E) study. This project will also extend north and south bound auxiliary lanes from PBC Line to north of Glades Road.

Project Status

The widening project is in Design and design for the auxiliary lanes is funded in Fiscal Year 2021.

Construction for the widening is not funded.
