

Widen Sawgrass Expressway/SR 869

From South of US 441 to Powerline Road

FPID: 437153-1

Description

This project is a Project Development and Environment (PD&E) Study for the Sawgrass Expressway (SR 869) from south of US 441 (SR 7) to Powerline Road (SR 845). The PD&E Study will address existing and future traffic needs, improved travel time reliability, enhanced safety and long-term mobility options along the corridor. The study is evaluating express lanes along the corridor and improvements to the interchanges at US 441, Lyons Road, and Florida's Turnpike as well as the Powerline Road intersection.
