

Florida's Turnpike/SR 91

Orlando South Ultimate Interchange

FPID: 438547-1

Description

This project is a Project Development and Environment (PD&E) Study for improvements at the Florida's Turnpike / SR 91 and Orlando South Interchange. This PD&E study is incorporating: new and improved connections between Florida's Turnpike (SR 91) and the Beachline Expressway (SR 528), All-Electronic Tolling, improved connections to local roads to address traffic operations, and future express lane expansion.
