

Widen Turnpike Mainline (SR 91) From Sawgrass Expressway to Palm Beach County Line FPID: 415927-1

Project Description

This project widens the Turnpike Mainline (SR 91) from the Sawgrass Expressway (SR 869) to the Palm Beach County Line. This widening will increase the number of tolled lanes from six to ten with one managed lane in each direction. This project includes pavement reconstruction, milling, resurfacing, bridge improvements, stormwater drainage improvements and noise walls in qualifying areas.

The project limits also include a Transportation Systems Management and Operations (TSM&O) Project (FPID 415927-4), to add northbound and southbound through travel lanes from north of the Sawgrass Expressway (SR 869) to the Palm Beach County Line.

Project Status

The widening project is in Design that will only progress to Phase I to support the TSM&O Project that will be constructed first.

Construction is not funded for the widening project.

The TSM&O project is funded for Design in Fiscal Year 2021, with Construction funded in Fiscal Year 2024.
