

Turnpike Mainline (SR 91) Add Lanes from Sawgrass Expressway to Palm Beach County Line

FPID: 415927-4

Project Description

This project is to improve operations by adding northbound and southbound through travel lanes to the Turnpike Mainline (SR 91) from north of Sawgrass Expressway (SR 869) to the Palm Beach County Line. This is a Transportation Systems Management and Operations (TSM&O) Project.

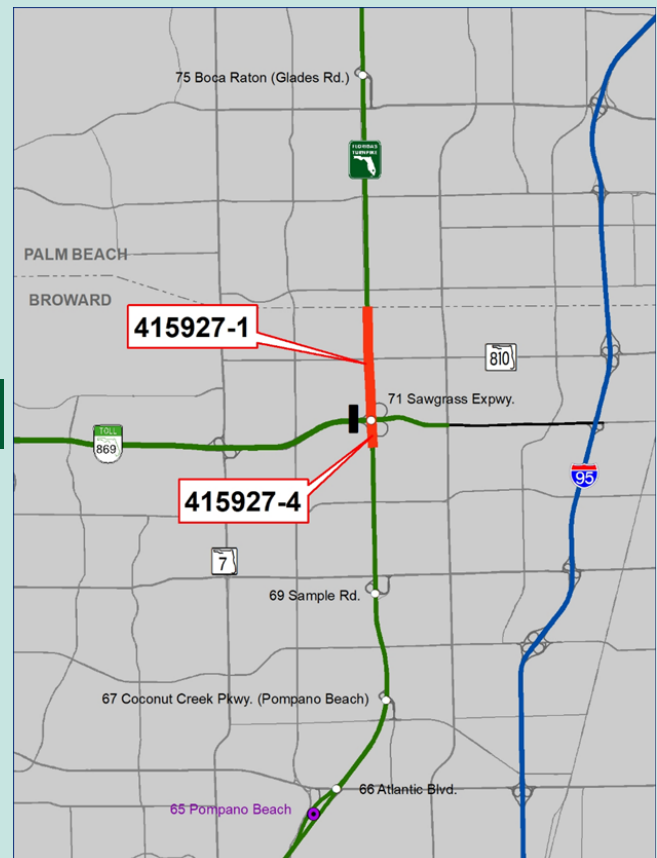

This project goes with a widening project (FPID 415927-1), to increase the number of tolled lanes from six to ten with one managed lane in each direction.

Project Status

The TSM&O Project is funded for Design in Fiscal Year 2021, with Construction funded in Fiscal Year 2024.

The widening project is in Design that will only progress to Phase I to support the TSM&O Project that will be constructed first.

Construction for the widening project is not funded.
