

Widen Turnpike Mainline (SR 91) From North of Glades Road to North of Atlantic Avenue FPID: 417132-1

Project Description

The project widens a six-mile segment of the Turnpike Mainline (SR 91) from between north of Glades Road / SR 808 interchange to north of Atlantic Avenue / SR 806 interchange.

This widening will increase the number of travel lanes from six to ten including managed lanes. This project includes pavement reconstruction, milling, resurfacing, bridge improvements, stormwater drainage improvements and noise walls in qualifying areas.

Project Status

This project is in Design.

Future phases, including Construction, are not funded.
