

## Widen Turnpike Mainline (SR 91) from Lake/Orange County Line to Minneola FPID: 435785-1

### Project Description

The project widens a five-mile segment of the Turnpike Mainline (SR 91) from the Orange / Lake County Line to the Minneola interchange. The project will increase the number of travel lanes from four to eight.

Work includes pavement widening, milling and resurfacing, maintenance of traffic plan, drainage improvements, utility coordination, environmental and permitting, the replacement of bridge structures at three locations and addition of a new overpass structure along with miscellaneous structures, signing, pavement marking improvements, lighting, intelligent traffic systems (ITS), surveying, and right-of-way acquisition.

The construction of roundabouts and landscaping will also be completed at CR 455.

### Project Status

This project is in Design.

Right-of-Way and Construction are funded in Fiscal Year 2021.
