

Suncoast Parkway 2

New Facility from SR 44 to CR 486

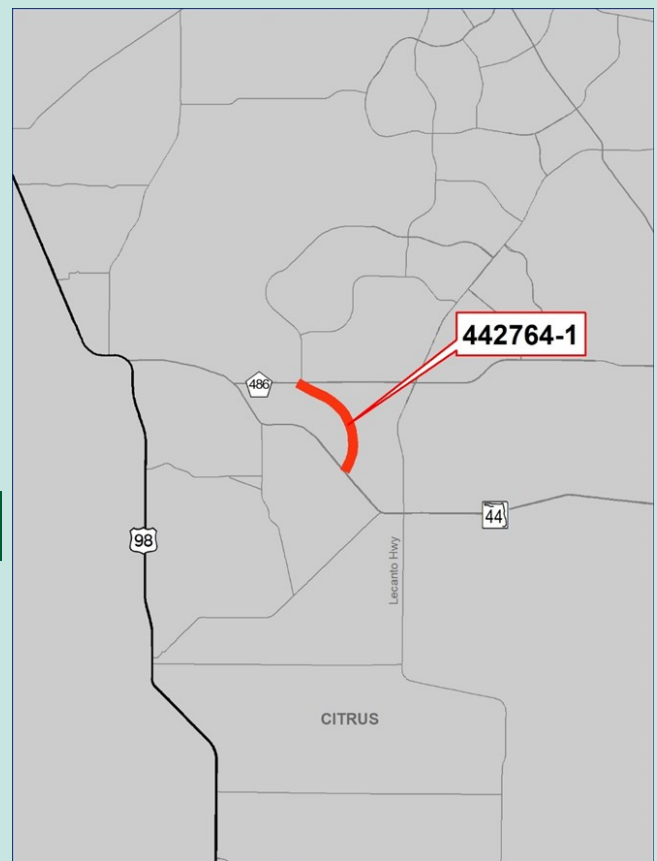

FPID: 442764-1

Project Description

This project is for the next segment of Suncoast Parkway II from SR 44 to CR 486. This will extend the parkway an additional three miles in Citrus County, west of downtown Lecanto. This project will complete the interchange at SR 44 and propose an at-grade intersection at CR 486.

The extension will be a four-lane, limited access toll facility and includes the Suncoast Trail. This extension will enhance connectivity and mobility in the area and enhance hurricane evacuations.
