

## Lighting Enhancements at Boca Raton Tolls and Data Center Parking Lot

### Project Description

Florida's Turnpike Enterprise (FTE) is upgrading the existing lighting system for the parking lot at the Boca Raton Tolls and Data Center, in Palm Beach County. This project will enhance safety and visibility within the parking lot.

This project includes:

- Installing 15 light poles
- Constructing concrete structures for future Closed-Circuit Television (CCTV) camera installation

### Construction and Traffic Impacts

Construction will take place during both daytime and nighttime hours. Nearby residents and businesses may experience periodic construction light, noise, vibration, and dust through the project's duration. FTE takes steps to reduce construction impacts and efforts will be made to limit traffic and noise disruptions.

Lane closures will generally take place during off-peak hours to minimize traffic congestion and delays for most drivers. Closures will be announced in advance in the South Florida and Treasure Coast Closures and Work Zone Advisory.

#### Schedule and Funding

##### Construction Schedule

Work is anticipated to be completed in mid-2021.

##### Cost and Funding

The project cost is approximately \$351,650.
