

Widen Sawgrass Expressway (SR 869) From South of US 441 (SR 7) to Powerline Road FPID: 437153-1

Project Description

This project is a Project Development and Environment (PD&E) Study for the Sawgrass Expressway (SR 869) from south of US 441 (SR 7) to Powerline Road (SR 845). The PD&E Study will address existing and future traffic needs, improved travel time reliability, enhanced safety and long-term mobility options along the corridor. The study is evaluating managed lanes along the corridor and improvements to the interchanges at US 441 (SR 7), Lyons Road, and the Turnpike Mainline (SR 91) as well as the intersection at Powerline Road (SR 845).

Project Status

Design is funded in Fiscal Year 2022; under FPID 437224-1, Widen Sawgrass Expressway (SR 869) from US 441 (SR 7) to Powerline Road (SR 845).

Construction is not funded.
