

Widen Turnpike Mainline (SR 91) from Kissimmee Park Rd to US 192 & New Nolte Rd Intchg FPID: 441224-4

Project Description

This project widens a 3-mile section of Turnpike Mainline (SR 91) from Kissimmee Park Road to US 192. This project will widen the existing 4 lane roadway to eight lanes.

Work includes the construction of a new full access diverging diamond interchange at Nolte Road. Work also includes extending Nolte Road approximately one-half mile from its existing intersection with Old Canoe Creek Road to create this new interchange, adding dual bridges to span over the Turnpike Mainline / SR 91 as well as improvements along Old Canoe Creek Road to accommodate turning movements.

Project Status

This project is in Preliminary Design.

Design-Build is funded in Fiscal Year 2024.
