

Suncoast Parkway/SR 589 Interchange Improvements at SR 54 FPID: 444486-1

Project Description

The project improves the northbound exit ramp to SR 54 to address existing operational issues. Work includes adding a third left turn lane, a second right turn lane and a deceleration lane for the northbound exit ramp from the Suncoast Parkway/SR 589.

The project also includes improving the southbound on ramp to the Suncoast Parkway/SR 589.

Project Status

This project is currently in Design.

Construction is funded in Fiscal Year 2022.
