

Northern Turnpike Extension Citrus, Levy, Marion, and Sumter Counties

Project Description

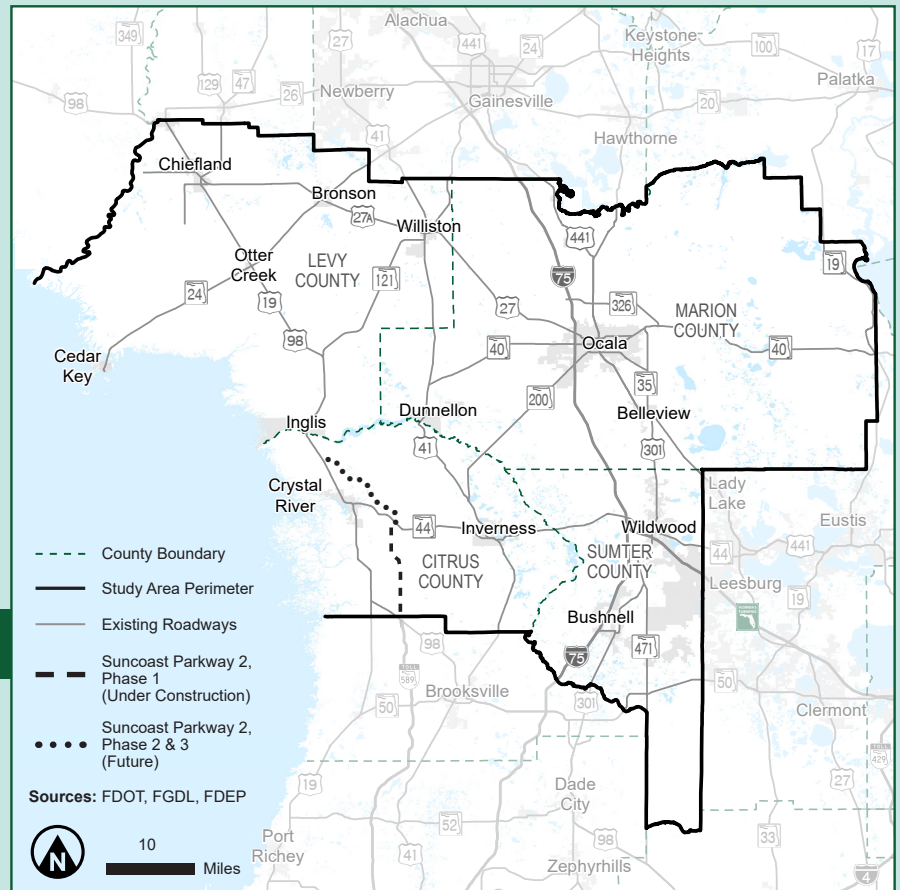

The Northern Turnpike Extension project is a proposed extension of Florida's Turnpike "from its northerly terminus in Wildwood to a logical and appropriate terminus as determined by the Florida Department of Transportation (FDOT)" per Senate Bill (SB) 100 (2021), codified in section 339.66(6), Florida Statutes.

For information, please visit:
www.floridasturnpike.com/NTE.

Project Status

This project is currently in the Planning phase and is following the Alternative Corridor Evaluation (ACE) process.

A Project Development and Environment (PD&E) study for this project is funded in Fiscal Year 2022.

The study area includes Citrus, Levy, Marion, and Sumter counties.
