## Stranded Motorist Fatalities on Turnpike System

As of December 31, 2021

Florida's Turnpike Enterprise (FTE) experienced a higher trend in overall fatalities on the Turnpike System in 2021 compared to previous years and has surpassed the number of fatalities involving stranded motorists.\*

A stranded motorist is a driver or others who were outside of vehicles due to crashes or mechanical failure.

\*One of the fatalities was an FTE towing partner assisting a stranded motorist

## Safety Tips If Your Vehicle Stops Working

- Move vehicles from travel lanes
  - Call \*347 for Florida Highway Patrol and Road Rangers
  - Remain inside vehicle with seatbelt on and wait for help
- If it is not safe to stay inside your vehicle:
    - Exit vehicle safely and get behind protective barrier/guardrail
    - Do not stand outside of vehicle
    - Do not walk or stand on shoulder
    - Do not walk across roadway or travel lanes

## General Safety Tips

- Move over and slow down when nearing a crash or when you see first responders or road rangers
- Maintain safe travel speeds
- Do not text and drive
- Wear a seatbelt
