

# Turnpike Mainline / SR 91

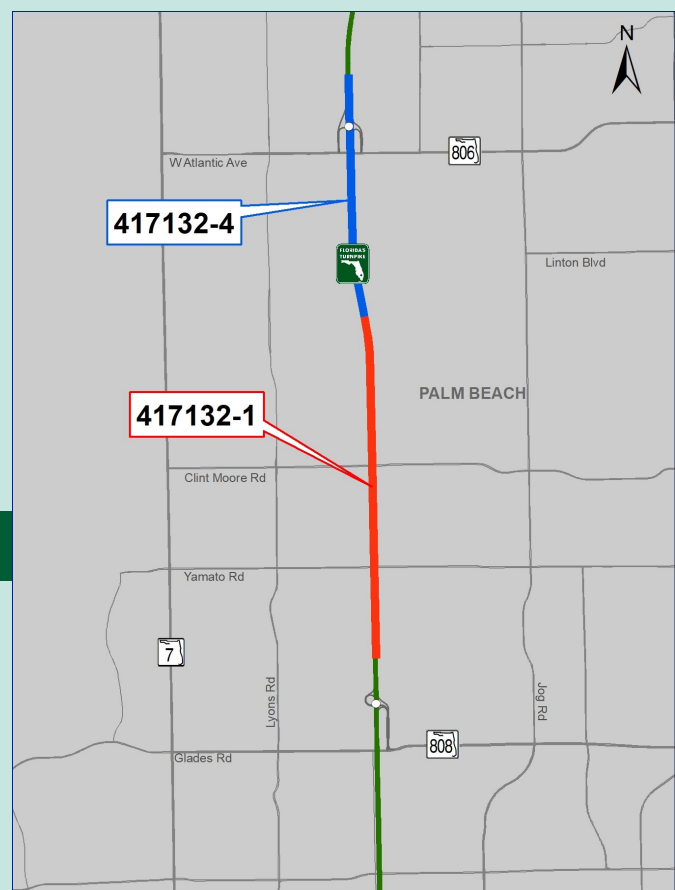

## Widen from Glades Road / SR 808 to Atlantic Avenue / SR 806

### FPID: 417132-1,-4

### Project Description

The proposed improvements mainly consist of widening the Florida's Turnpike from north of Glades Road (MP 76.8) to north of Atlantic Avenue (MP 82.4) from the existing 6-lane divided expressway to a 10-lane divided typical section with 4-general purpose lanes and 1-managed lane in each direction. Managed lanes will be separated from general purpose toll by a buffer delineated with two 6-inch solid lines.

The project also includes replacement of the Yamato Road bridges, widening the bridge over Clint Moore Road, replacement of the bridge over L-38 Canal, widening the bridge over Atlantic Avenue milling and resurfacing, noise barriers, roadway lighting, and signing and pavement markings.

### Project Status

The Design for this project is on hold until FY24

Construction is not funded.
