

Turnpike Mainline / SR 91

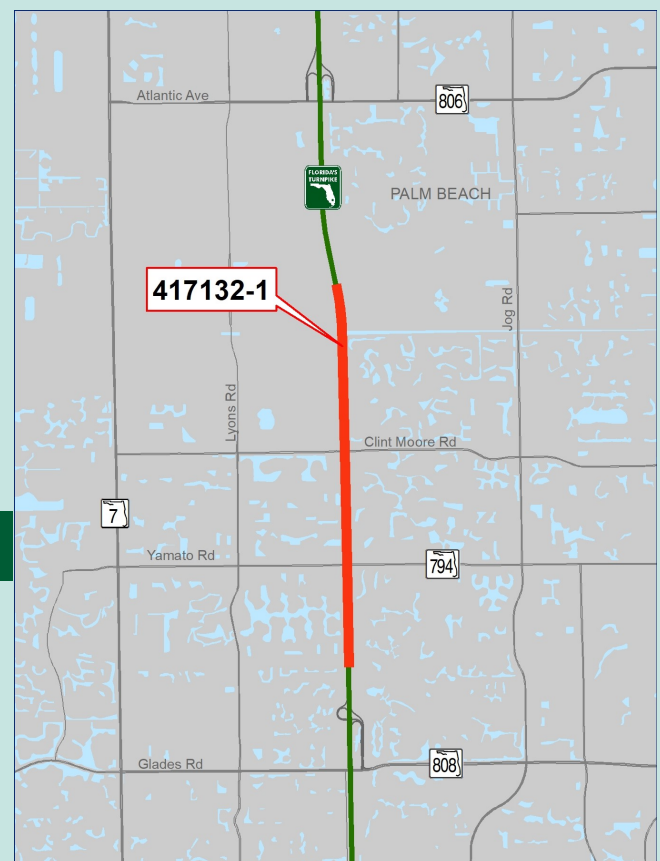

Widen from North of Glades Road / SR 808 to the L-38 Canal

FPID: 417132-1

Project Description

The proposed improvements mainly consist of widening the Florida's Turnpike from north of Glades Road (MP 76.8) to north of the L-38 Canal (MP 80.2) from the existing 6-lane divided expressway to a 10-lane divided typical section with 4-general travel lanes and 1-thru lane in each direction. Thru lanes will be separated from general travel lanes by a buffer delineated with two 6-inch solid lines.

The project also includes replacement of the Yamato Road bridges, widening the bridge over Clint Moore Road, replacement of the bridge over L-38 Canal, milling and resurfacing, noise barriers, roadway lighting, and signing and pavement markings.

Project Status

The Design for this project is on hold until Fiscal Year 24.

Construction is funder for Fiscal Year 27.
