Construction Public Information Meeting Notice

*Florida's Turnpike Enterprise to Host a Construction Public Information Meeting
for the Closure of Scrub Jay Lane Bridge for Bridge Reconstruction*

OCOEE, Fla. – The Florida Department of Transportation, Florida's Turnpike Enterprise will hold a Construction Public Information Meeting for the closure of the Scrub Jay Lane bridge as part of the **Florida's Turnpike (SR 91) Widening project from Minneola/Hancock Road to O'Brien Road in Lake County, Florida. Financial Project Number 435786-1.**

The Construction Public Information Meeting will be held at 5:30 p.m. on Thursday, March 2, 2023, at the Minneola City Hall, located at 800 US-27, Minneola, Florida 34715.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability, or family status. Persons who require special accommodations under the Americans with Disabilities Act or persons who require translation services (free of charge) should contact Yasir Mercado, using the contact information below, at least seven (7) days prior to the meeting. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, at +1 (800) 955-8771 (TDD) or +1 (800) 955-8770 (Voice).

If you have any questions about the project or the scheduled meeting, please contact:

Ms. Yasir Mercado
Community Outreach Specialist
P.O. Box 9828
Fort Lauderdale, FL 33310
Phone: (954) 934-1138
Email: Yasir.Mercado@dot.state.fl.us

The Florida Department of Transportation's mission is to provide a safe transportation system that ensures the mobility of people and goods, enhances economic prosperity, and preserves the quality of the state's environment and communities. The department is committed to building a transportation system that not only fits the current needs of Florida's residents and visitors, but also enhances mobility throughout the state to accommodate its consistent and rapid growth. The unique nature of the Sunshine State and its year-round warm climate provide numerous opportunities to achieve the department's mission through multiple transportation modes including highways/streets, air, rail, sea, spaceports, transit, and the ever-expanding deployment of bicycle & pedestrian facilities.
