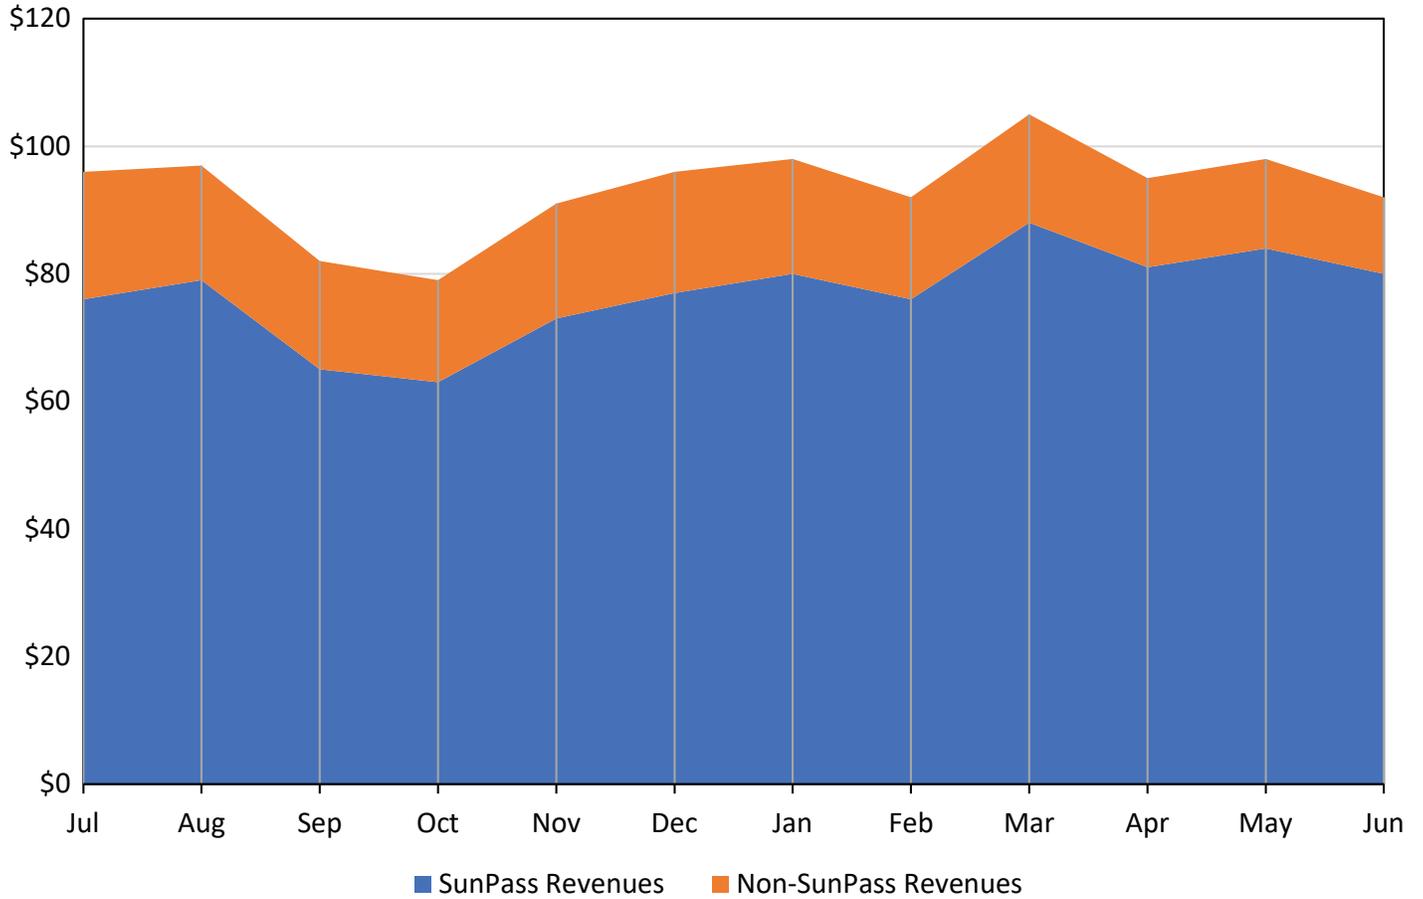

**Graph 6.1 - SunPass Participaton by Month  
FY 2022 and FY 2023**

Source: Turnpike Enterprise Finance Office.

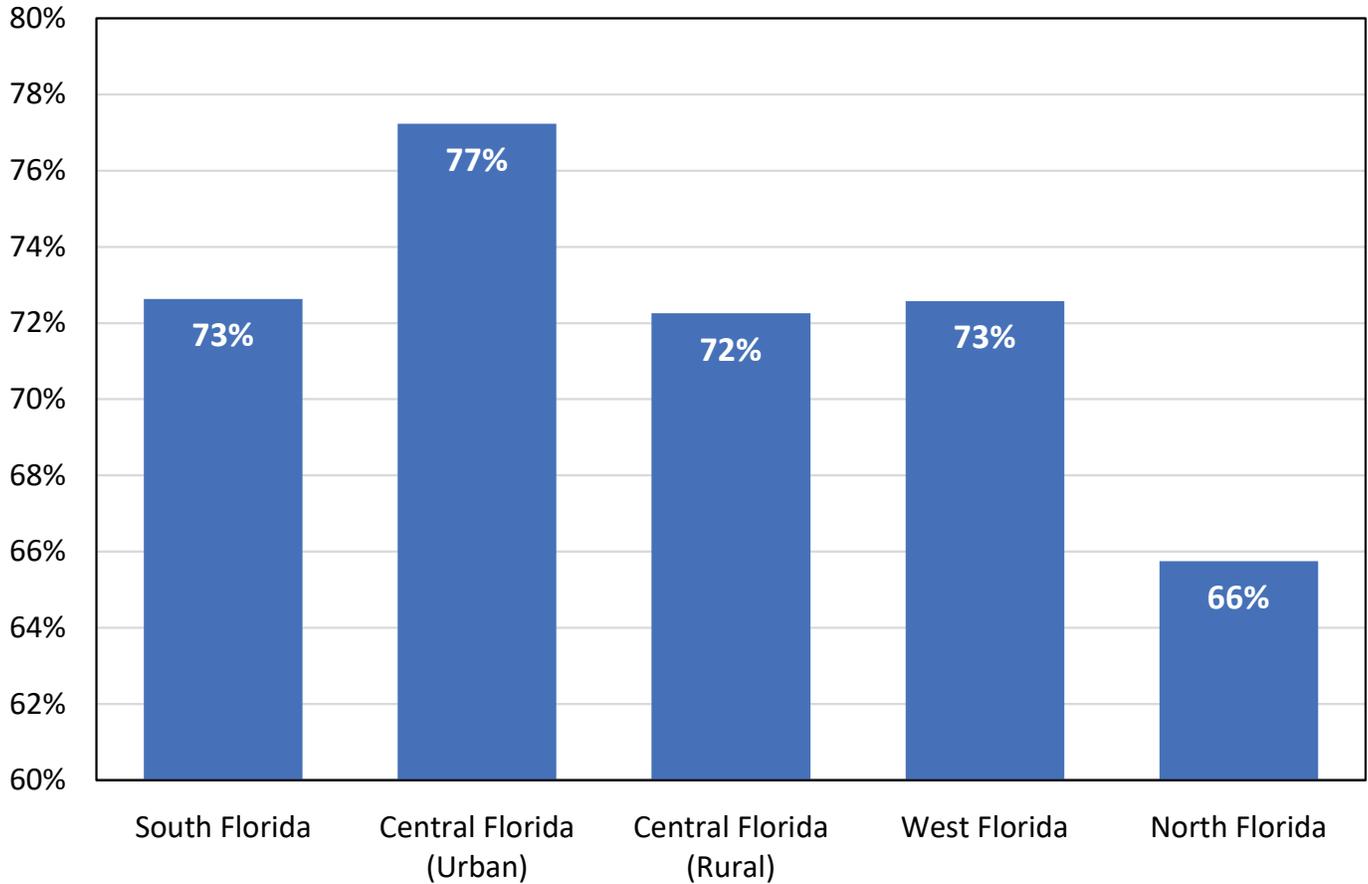

Participation decline in September and October (FY 2023) attributed to Hurricane Ian toll suspension.

**Graph 6.2 - Toll Revenue by Payment Type  
FY 2023  
(In Millions)**

Source: Turnpike Enterprise Finance Office.

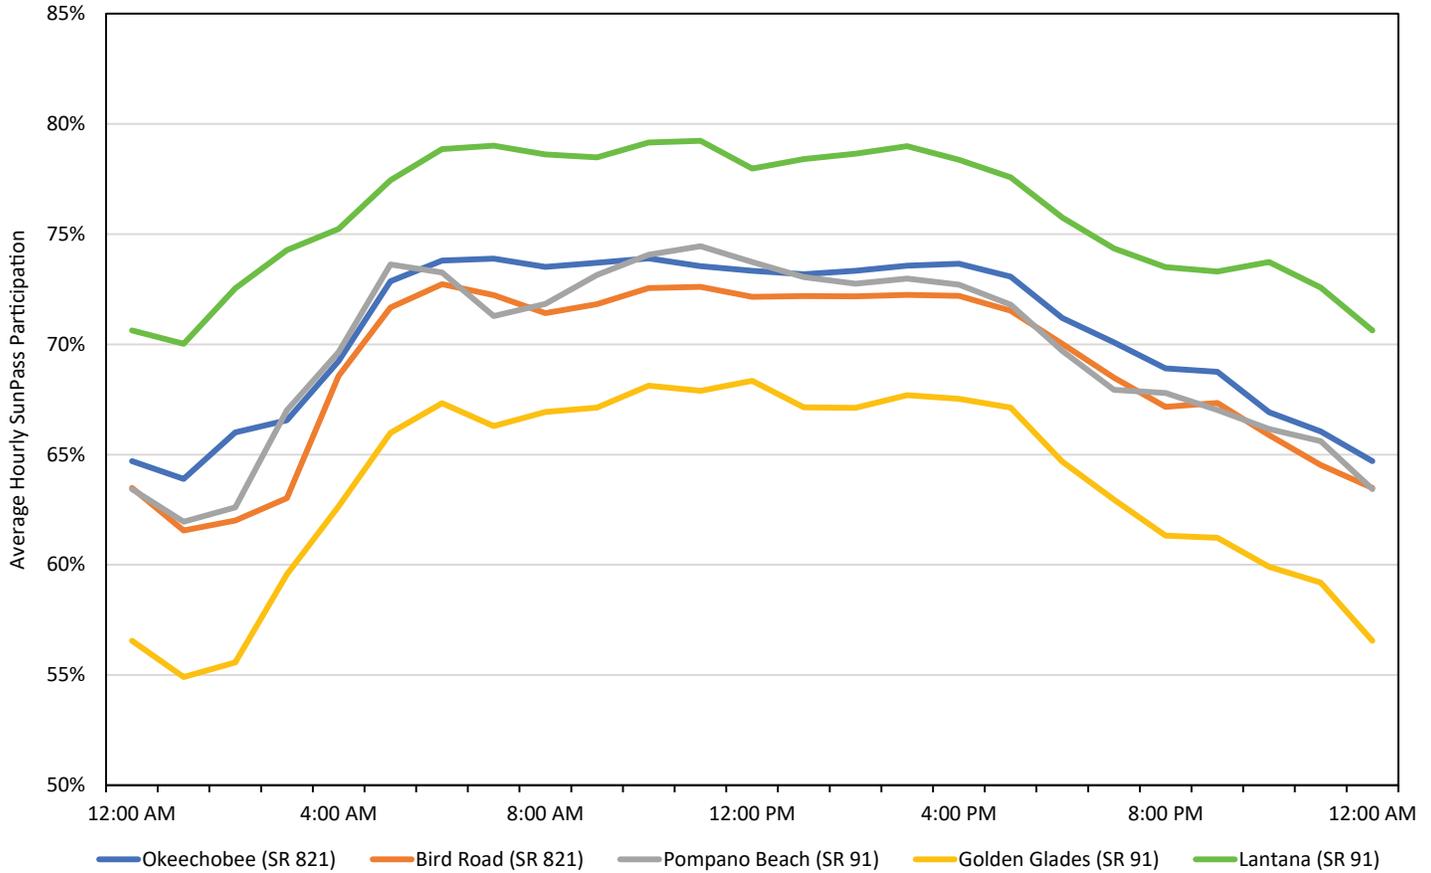

**Graph 6.3 - Turnpike System  
SunPass Participation by Region  
FY 2023**

Source: Turnpike Enterprise Finance Office.

This graph depicts the average SunPass participation on the Turnpike System by region during FY 2023. As expected, SunPass participation in the regions with mostly commuters was high (Urban Central Florida at 77 percent, South Florida at 73 percent, West Florida at 73 percent, and Rural Central Florida at 72 percent.) Within the North Florida region, First Coast Expressway resides in a rural area with less commuters and is still ramping up SunPass participation from its opening in 2019, both factors contributing to a lower participation of 66 percent.

**Graph 6.4 - Mainline Toll Plazas - Southern Facilities  
Typical Weekday Hourly SunPass Participation**

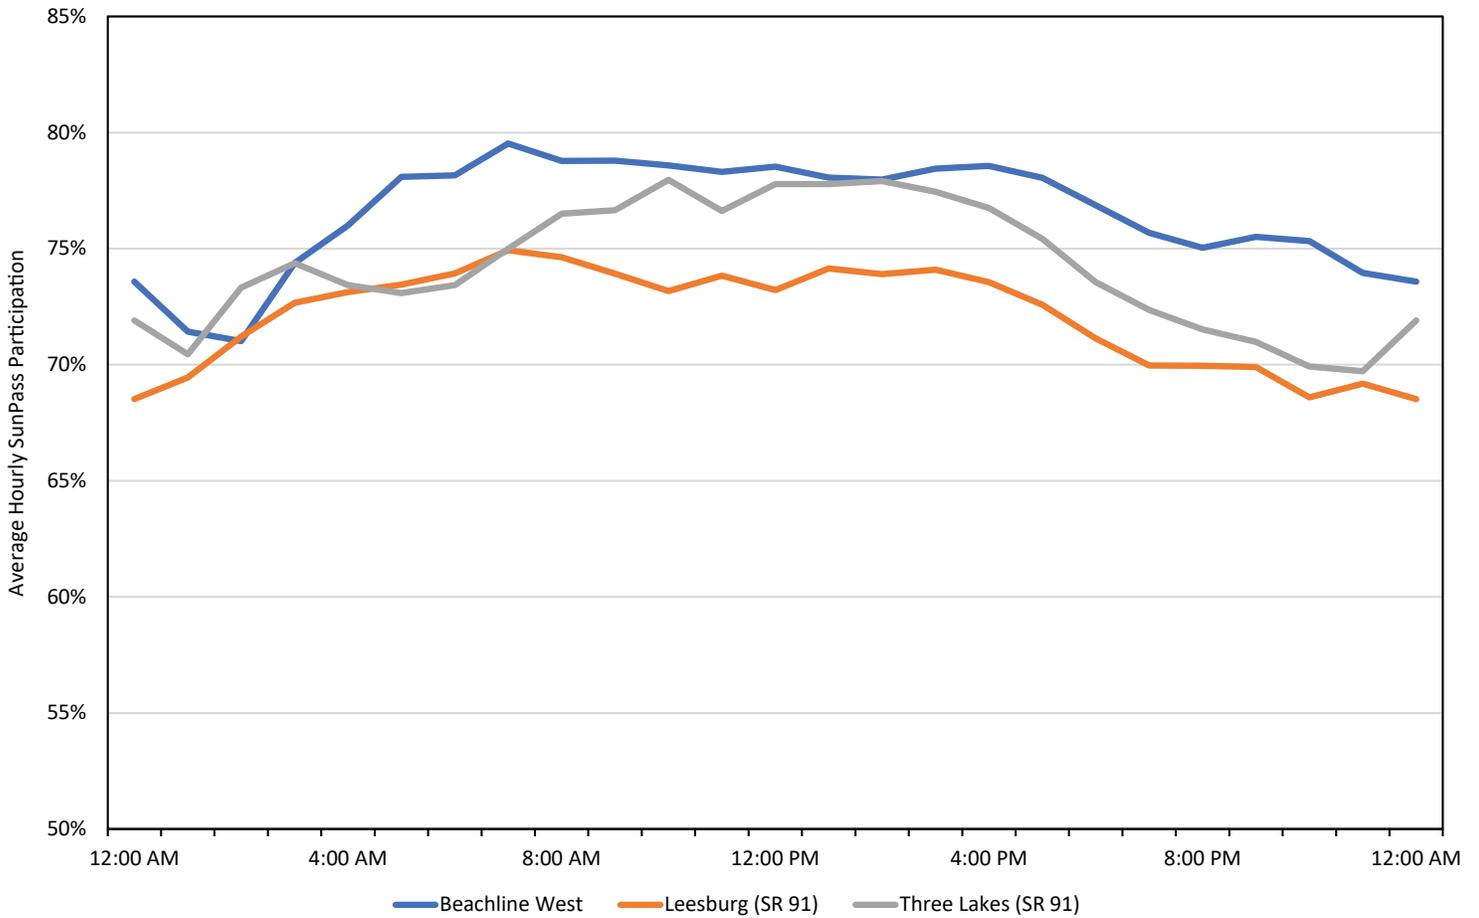

Source: Data obtained from Turnpike Enterprise Finance Office for the week beginning December 5, 2022.

This graph shows the hourly SunPass participation on weekdays for a typical week at select mainline toll plazas on the southern component of the Mainline system. These components include SR 821, and the southern portion of SR 91.

As depicted in the graph, SunPass participation on these facilities increased during the early morning and evening hours. Peak-hour participation at the Lantana toll plaza reached 79 percent in the morning and afternoon. In general, the morning peak participation at all five toll plazas was higher than the evening peak participation.

**Graph 6.5 - Mainline Toll Plazas - Northern Facilities  
Typical Weekday Hourly SunPass Participation**

Source: Data obtained from Turnpike Enterprise Finance Office for the week beginning December 5, 2022.

This graph shows the hourly SunPass participation on weekdays for a typical week at select toll plazas on the northern components of the Mainline System. These components include the northern portion of SR 91 and the Beachline West Expressway.

As depicted in the graph, SunPass participation at the Beachline West Expressway peaked at approximately 79 percent in the morning peak hour. SunPass participation remained relatively stable throughout the day at the Leesburg and Three Lakes toll plazas. This pattern confirms the fact that long distance travelers and tourists are the primary users of these toll plazas.
