Turnpike Survey & Mapping Typical Deliverable Packet

The Turnpike Enterprise Survey & Mapping Department is tasked with obtaining Quality Information for our various purposes; the Consultant is responsible for providing this information, together with the appropriate support. The following are guidelines and examples of format, so that all consultants are aware of what may be required by this office, as directed by The Turnpike Enterprise Survey Manager.

As a Survey and Mapping consultant or sub consultant to the Florida Turnpike Enterprise, deliverables of various types will be required for submittal. As this office reviews submittals, review comments will be forwarded to consultants. Upon addressing comments, consultants will return Review Comments with responses. These are internal comments and responses between the Turnpike Enterprise and Individual Consultants so that Quality, Continuity and Seamless Transfer of Quality information may be maintained.
