

Beachline East Expressway/SR 528 Intelligent Transportation System Enhancements Project

Project Description

To fulfill its mission to help meet the state's growing transportation needs, ensuring value to customers, and enhancing safety for all travelers, Florida's Turnpike Enterprise is enhancing the Intelligent Transportation System (ITS) devices along Beachline East Expressway/State Road (SR) 528 at various locations between SR 520 and Industry Road in Orange and Brevard counties.

Project Benefits:

- Strengthening safety by adding roadway weather system, closed circuit television, and dynamic messaging sign devices to improve roadway monitoring and provide real-time traffic updates, including full color overhead electronic signs
- Enhancing roadway visibility by installing a new lighting system at the Industry Road/Clearlake Road/SR 524 interchange

Construction and Traffic Impacts

Construction will take place during both daytime and nighttime hours. Nearby residents and businesses may experience periodic construction light, noise, and dust throughout the project's duration. The Enterprise takes steps to reduce construction impacts and efforts will be made to limit traffic and noise disruptions.

Lane closures will generally take place during off-peak hours to minimize traffic congestion and delays for most drivers. Closures and detours will be announced in advance in the Central and West Central Florida Weekly Lane Closures and Work Zone Advisory.

Schedule and Funding

Construction Schedule
Work is anticipated to be completed by early 2026.

Cost and Funding
The project cost is approximately \$19.5 million.
