

1 Project Location and Description

2 Purpose

3 Approach

4 Evaluation

4.1 Pavement Condition Survey (PCS)

4.2 Previous Rehabilitation of As-Built Plans and Evaluation Reports

4.3 Maintenance History

4.4 Falling Weight Deflectometer (FWD)

4.4.1 Base Damage Index (BDI)

4.5 Ground Penetrating Radar (GPR)

4.6 Field Exploration

4.6.1 Field Exploration Results

5 Data Analysis and Conclusions

6 Recommendations

Appendix

Appendix A: Pavement Condition Survey Data

Appendix B: As-Built Plans

Appendix C: Ground Penetrating Radar Data

Appendix D: Previous Pavement Survey and Evaluation Reports

Appendix E: Previous Pavement Design Reports

Appendix F: Falling Weight Deflection Data

Appendix G: Field Exploration

Appendix H: Previous Material Certifications

Appendix I: Straight Line Diagrams and Interchange Diagrams
