

Suncoast Parkway/SR 589 Resurfacing and Safety Improvements Project from SR 54 to SR 52

Project Overview

Florida's Turnpike Enterprise (Enterprise) is resurfacing Suncoast Parkway/State Road (SR) 589 from south of SR 54 (milepost 17.5) to north of SR 52 (milepost 28.5) in Pasco County. This project is designed to extend roadway life, enhance safety, and improve roadside conditions.

Project Benefits

- **Improved Rideability:** Resurfacing travel lanes and shoulders to provide a smoother and more consistent driving experience.
- **Increased Resilience:** Extending the life of bridges by installing new joints to the northbound and southbound bridges over Ridge Road.
- **Enhance Safety:** Installing new signage, fresh pavement markings, and upgrading drainage.

Construction and Traffic Impacts

Construction activities will occur during both daytime and nighttime hours. Nearby residents and businesses may experience occasional impacts from construction-related light, noise, vibration, or dust. The Enterprise is committed to minimizing these disruptions and taking steps to limit traffic delays and noise.

Lane closures will generally take place during off-peak hours to reduce impacts to drivers. Information about closures will be provided in advance through the Central and West Central Florida Weekly Lane Closures and Work Zone Advisory.

Project Schedule and Funding

Construction Timeline: Work is anticipated to be completed by early 2027.

Project Cost: Approximately \$23 million.
