Note: Revenues in October 2024 (FY 2025) were impacted by the Hurricane Milton toll suspension (October 7 – October 18, 2024).

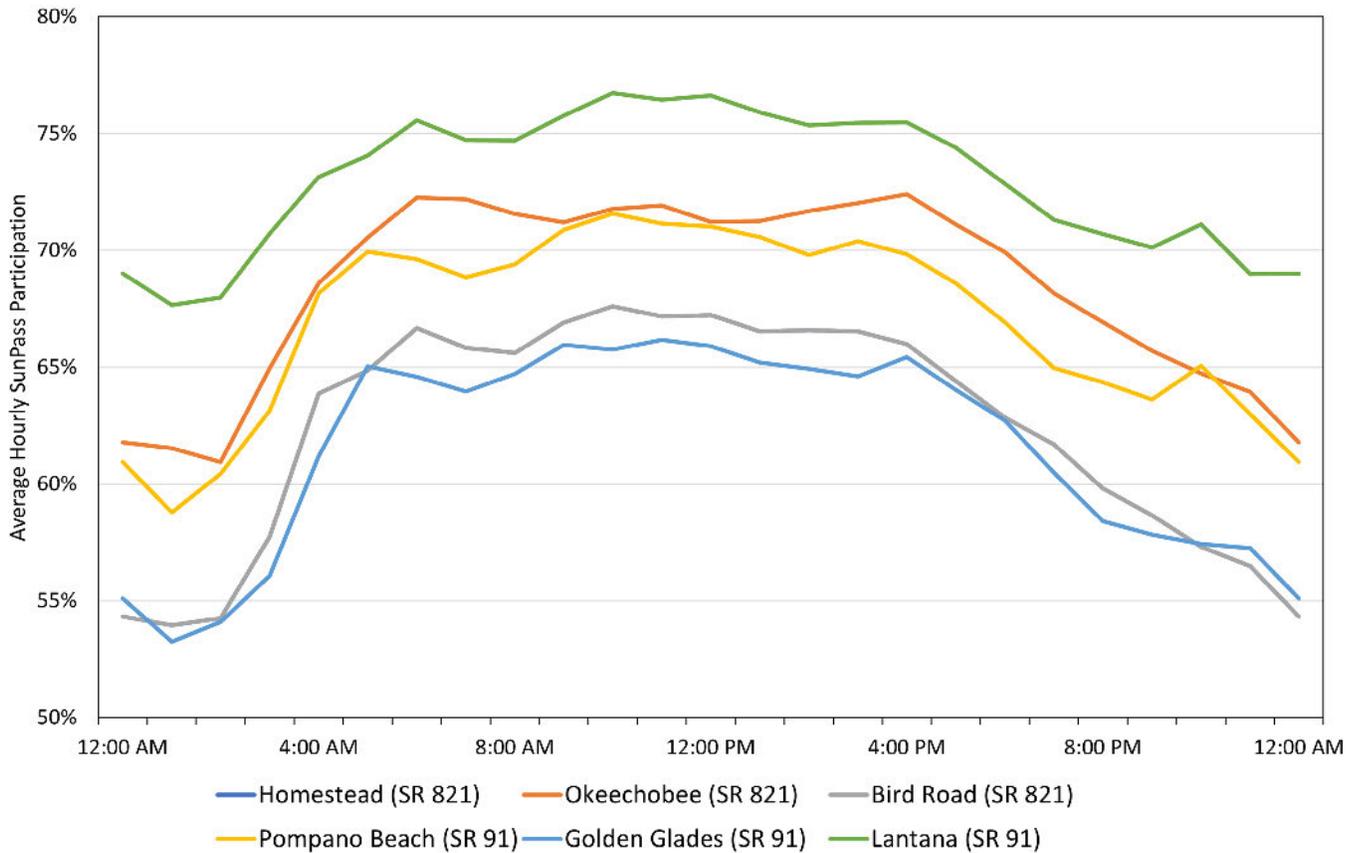

Graph 6.3
Turnpike System SunPass Participation by Region
FY 2025

Source: Turnpike Enterprise Finance Office.

This graph depicts the average SunPass participation on the Turnpike System by region during FY 2025. As expected, SunPass participation in the regions with mostly commuters was high (Urban Central Florida at 77 percent, Rural Central Florida at 72 percent, West Florida at 71 percent, and South Florida at 70 percent). Within the North Florida region, First Coast Expressway resides in a rural area with less commuters and less toll roads in comparison to the other regions, both factors contributing to the lower 65 percent.

Graph 6.4
Mainline Toll Plazas - Southern Facilities
Typical Weekday Hourly SunPass Participation

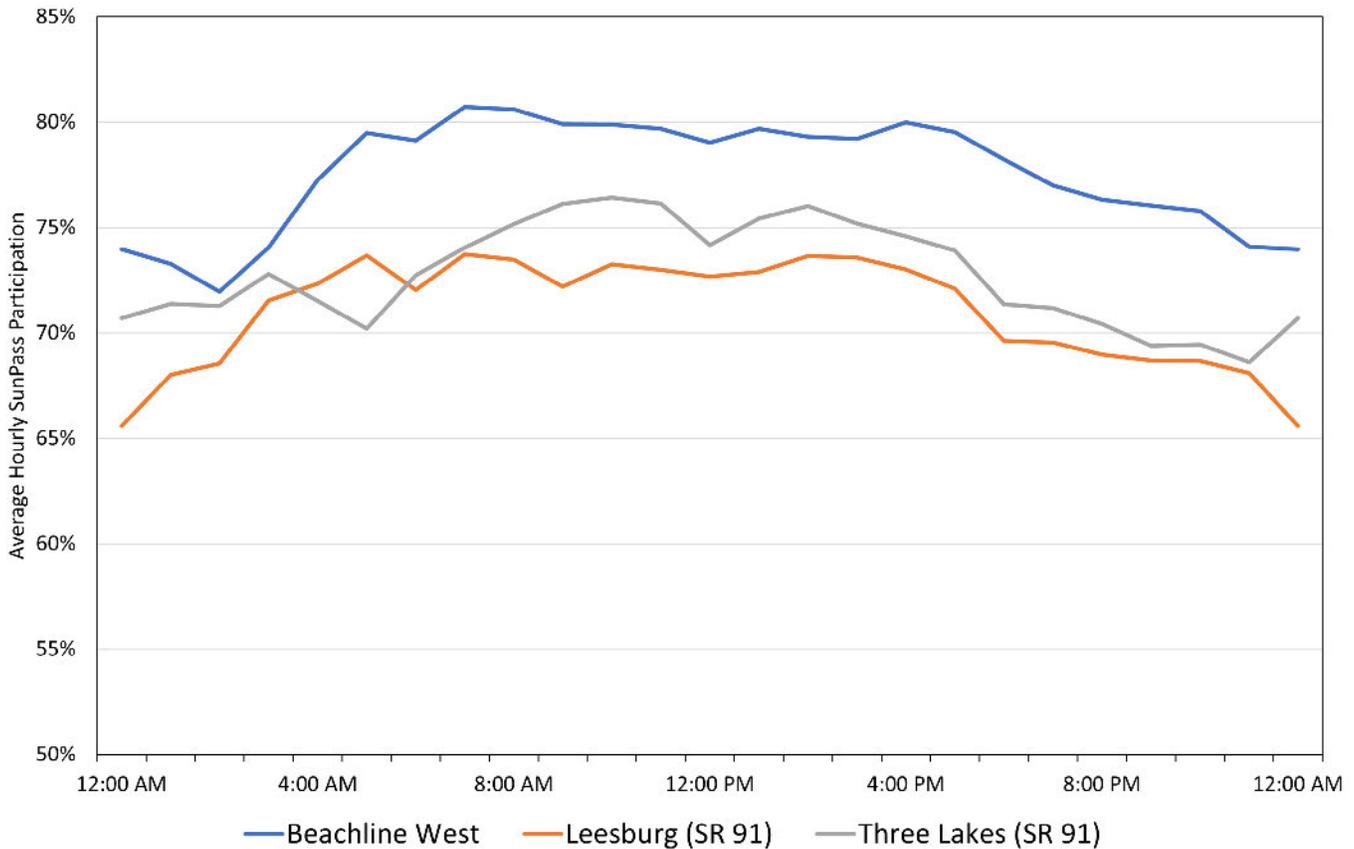

Source: Data obtained from Turnpike Enterprise Finance Office for the week beginning November 4, 2024.

This graph shows the hourly SunPass participation on weekdays for a typical week at select mainline toll plazas on the southern component of the Mainline system. These components include SR 821 and the southern portion of SR 91.

As depicted in the graph, SunPass participation on these facilities increased during the early morning and evening hours. Peak-hour participation at the Lantana toll plaza reached 77 percent in the morning and midday. In general, the SunPass participation at all six toll plazas increases in the morning peak and remains elevated through the midday and evening peak.

Graph 6.5
Mainline Toll Plazas - Northern Facilities
Typical Weekday Hourly SunPass Participation

Source: Data obtained from Turnpike Enterprise Finance Office for the week beginning November 4, 2024.

This graph shows the hourly SunPass participation on weekdays for a typical week at select toll plazas on the northern components of the Mainline System. These components include the northern portion of SR 91 and the Beachline West Expressway.

As depicted in the graph, SunPass participation at the Beachline West Expressway peaked at approximately 81 percent in the morning peak hour. SunPass participation remained relatively stable throughout the day at the Leesburg and Three Lakes toll plazas. This pattern confirms the fact that long distance travelers and tourists are the primary users of these toll plazas.
