Tolling Updates Along Florida's Turnpike in Lake County

Florida's Turnpike Enterprise will implement tolling updates along Florida's Turnpike/State Road (S.R.) 91 in Lake County on Monday, March 30, 2026. These updates were designed to streamline toll collection and enhance the overall customer experience.

As part of this update, toll rates at the Leesburg Mainline Toll Plaza (Milepost 289) were reduced from \$3.18 to \$1.72 for SunPass customers and from \$3.46 to \$2.00 for Toll-By-Plate customers.

Toll collection at the U.S. 27 Leesburg South ramps (Milepost 285), including the northbound exit ramp and southbound entrance ramp, has been removed. Tolling for these movements was shifted to the mainline to simplify travel through the corridor.

A new mainline tolling location, identified on SunPass statements as "SR 91 Minneola Main NB/SB MP 281," will begin operation at Milepost 281 in Minneola. The toll rate at this new location will be \$1.45 for SunPass customers and \$1.72 for Toll-By-Plate customers. This new toll gantry replaces ramp toll collection at the U.S. 27 Leesburg South ramps and supports more efficient traffic flow along Florida's Turnpike.

Customers will **not** pay more than the toll rates displayed on roadway signs. SunPass customers traveling through the corridor will continue to experience consistent overall trip costs, with toll collection redistributed from ramps to the mainline to improve traffic flow and provide a smoother, more reliable drive.

SunPass is the preferred method to pay tolls in Florida and provides customers with the lowest toll rate, helping drivers save money while traveling the Turnpike system. For more information on becoming a SunPass customer, please visit www.SunPass.com.

Florida's Turnpike Enterprise appreciates your patience as these improvements are implemented.
