

Construction Alert

UPDATE: Noise Wall Construction Continues Along
Florida's Turnpike from the Turnpike Extension to Griffin Road
in Broward County

Construction of the 22-foot-tall noise wall continues along Florida's Turnpike/State Road (S.R.) 91 between Griffin Road/S.R. 818 and Miramar Parkway/S.R. 858 in Broward County.

As part of these improvements, the existing chain-link fence located behind residential properties along Florida's Turnpike Enterprise right-of-way will be removed and replaced with temporary fencing while the noise wall is under construction. Once the noise wall is completed, a new permanent chain-link fence will be installed.

Additionally, trees and shrubs within Enterprise right-of-way may be trimmed or removed to allow access for construction equipment.

Residents are asked to secure all pets and animals during this period.

This work is part of the Florida's Turnpike/S.R. 91 Transportation Systems Management & Operations Project to add auxiliary lanes from Turnpike Extension/S.R. 821 to Griffin Road/S.R. 818 in Broward County.

Please note that this schedule may change due to inclement weather or unforeseen conditions.

The Enterprise appreciates your patience and cooperation as we continue to make improvements.
