## Construction Alert

### Construction Activities Along Southbound Florida's Turnpike From Sawgrass Expressway to South of SW 18 Street in Broward and Palm Beach Counties

---

Florida's Turnpike Enterprise would like to inform residents of upcoming construction activities associated with the ongoing project to add lanes on Florida's Turnpike/State Road (S.R.) 91 from south of Sawgrass Expressway/S.R. 869 to north of Glades Road/S.R. 808 in Broward and Palm Beach counties.

As part of this project, clearing operations are continuing and noise wall construction will begin soon along southbound Florida's Turnpike between Sawgrass Expressway and south of SW 8 Street. To accommodate construction of the 22-foot noise wall, the existing Enterprise right-of way fence will be temporarily replaced with a chain-link construction fence. This work will occur adjacent to the following communities:

- Bell Coconut Creek Apartments
- Waterview at Coconut Creek
- Tallowood Isle
- Wildwood Estates at Adios

During construction, residents may see workers, construction vehicles, and equipment operating near the project corridor and adjacent properties. For safety, residents are encouraged to use caution in the area and secure pets while construction is underway.

Noise wall construction will take place between 7 a.m. and 7 p.m., Monday through Saturday.

While work is taking place, residents may experience periodic increases in noise, dust, and construction activity. The project team will monitor construction operations and take steps to minimize impacts to nearby communities whenever possible.

Once the noise wall is completed, the temporary construction fence will be removed.

Florida's Turnpike Enterprise appreciates the patience and understanding of nearby residents as we complete this work as safely and efficiently as possible.
