
Seminole Expressway/State Road (S.R.) 417 Resurfacing and Roadside Improvements Project

from Airport Boulevard to Towne Center Boulevard

Project Description

Florida's Turnpike Enterprise (Enterprise) is resurfacing Seminole Expressway/State Road (S.R.) 417 from south of Airport Boulevard (milepost 49) to north of Towne Center Boulevard (milepost 55) in Seminole County. The project is designed to extend roadway life, enhance safety, and improve roadside conditions.

Project Benefits

- **Improved Rideability:** Resurfacing travel lanes, shoulders and the entrance and exit ramps at Rinehart Road, W 25th Street/H.E. Thomas Jr. Parkway, and Airport Boulevard to provide a smoother and more consistent driving experience.
- **Increased Resilience:** Extending the life of bridges by installing new joints to the northbound bridges over U.S. 17/92, Rinehart Road and Towne Center Boulevard, along with the southbound bridge over Airport Boulevard.
- **Enhanced Safety:** Installing new signage, fresh pavement markings, and new guardrail.

Construction and Traffic Impacts

Construction will take place during both daytime and nighttime hours. Nearby residents and businesses may experience periodic construction light, noise, and dust throughout the project's duration. The Enterprise takes steps to reduce construction impacts and efforts will be made to limit traffic and noise disruptions.

Lane closures will generally take place during off-peak hours to minimize traffic congestion and delays for most drivers. Closures and detours will be announced in advance in the Central and West Central Florida Weekly Lane Closures and Work Zone Advisory.

Schedule and Funding

Construction Schedule:

Work is anticipated to be completed by late 2026.

Project Cost:

The project cost is approximately 17.4 million.
