

Suncoast Parkway Resurfacing and Safety Improvements Project

from North of S.R. 52 to South of County Line Road

Project Description

Florida's Turnpike Enterprise is resurfacing approximately nine miles of Suncoast Parkway/State Road (S.R.) 589 from north of S.R. 52 (milepost 28.5) to south of County Line Road/County Road (C.R.) 578 (milepost 37) in Pasco County.

Project Benefits

- **Improved Rideability:** Resurfacing the existing travel lanes and shoulders to provide a smoother and more consistent driving experience.
- **Extended Roadway Life:** Performing bridge and culvert repairs to extend the service life of the roadway and improve long-term reliability.
- **Enhanced Safety:** Installing new signage, pavement markings, rumble strips, guardrails, lighting, and drainage improvements to improve visibility and enhance roadway conditions.

Construction and Traffic Impacts

Construction activities will occur during both daytime and nighttime hours. Nearby residents and businesses may experience occasional impacts from construction-related light, noise, vibration, or dust. The Enterprise is committed to minimizing these disruptions and taking steps to limit traffic delays and noise.

Lane closures will generally take place during off-peak hours to reduce impacts to drivers. Information about closures will be provided in advance through the Central and West Central Florida Weekly Lane Closures and Work Zone Advisory.

Schedule and Funding

Construction Schedule:

Work is anticipated to continue through 2027.

Project Cost:

The project cost is approximately \$13 million.
